

WEST SOUTHERN PINES HISTORIC PRESERVATION UPDATE

The Town of Southern Pines will host an update on the efforts to list three West Southern Pines iconic structures on the National Register of Historic Places. The update will take place on Thursday, April 24 at the E.S. Douglass Community Center starting at 5:30pm.

The updates from the Town and consultants from HMW Preservation are part of the U.S. National Parks Underrepresented Communities Grant. The three applications are for Trinity AME Zion Church, the Amos Broadway Theater, and the Our Lady of Victory Catholic School. A discussion will follow the update on those three projects on future work in West Southern Pines and the identification of additional potential historic registration work.
